

UPGRADING YOUR SECURITY WITH KURO

The Modern Visitor Management Experience for Residents

An Orange Sands Solution. 2026

Your New Digital Gatekeeper

KURO is a secure, digital visitor management system designed specifically for modern Kenyan apartments and commercial properties.

-  **Privacy First:** Replaces public "Black Books" to keep your visitors' phone number and ID private.
-  **Speed & Ease:** Pre-authorize guests via WhatsApp and skip the gate security calls.
-  **Verified Access:** Only authorized visitors and riders enter the premises.

How to Join the System

1. Access Link

Click the unique onboarding link provided by your Estate Management to begin.

2. Unit Selection

Select your specific Unit Number and enter your resident details correctly.

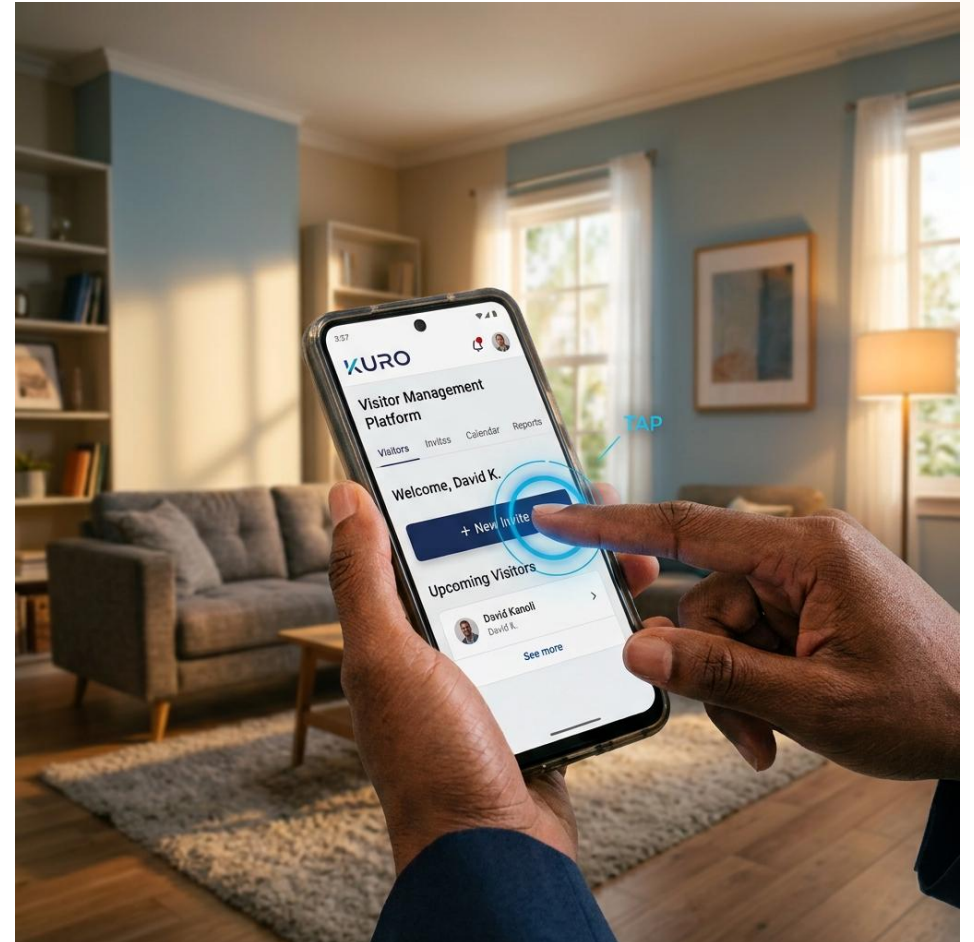

3. Admin Approval

Wait for verification. Admin approval should take between 1-2 hours during business hours.

Pre-Clearing Your Guests

No more gate calls! Clear guests in seconds:

-  Tap "New Invite" on your resident dashboard.
-  **Choose Category:** Select 'Guest' (One-time) or 'Service' (Delivery).
-  **Share via WhatsApp/SMS:** Send the unique code directly to your visitor.

Your Vehicles

Total Vehicle Visibility: Register your car to enjoy seamless entry every time you drive home.

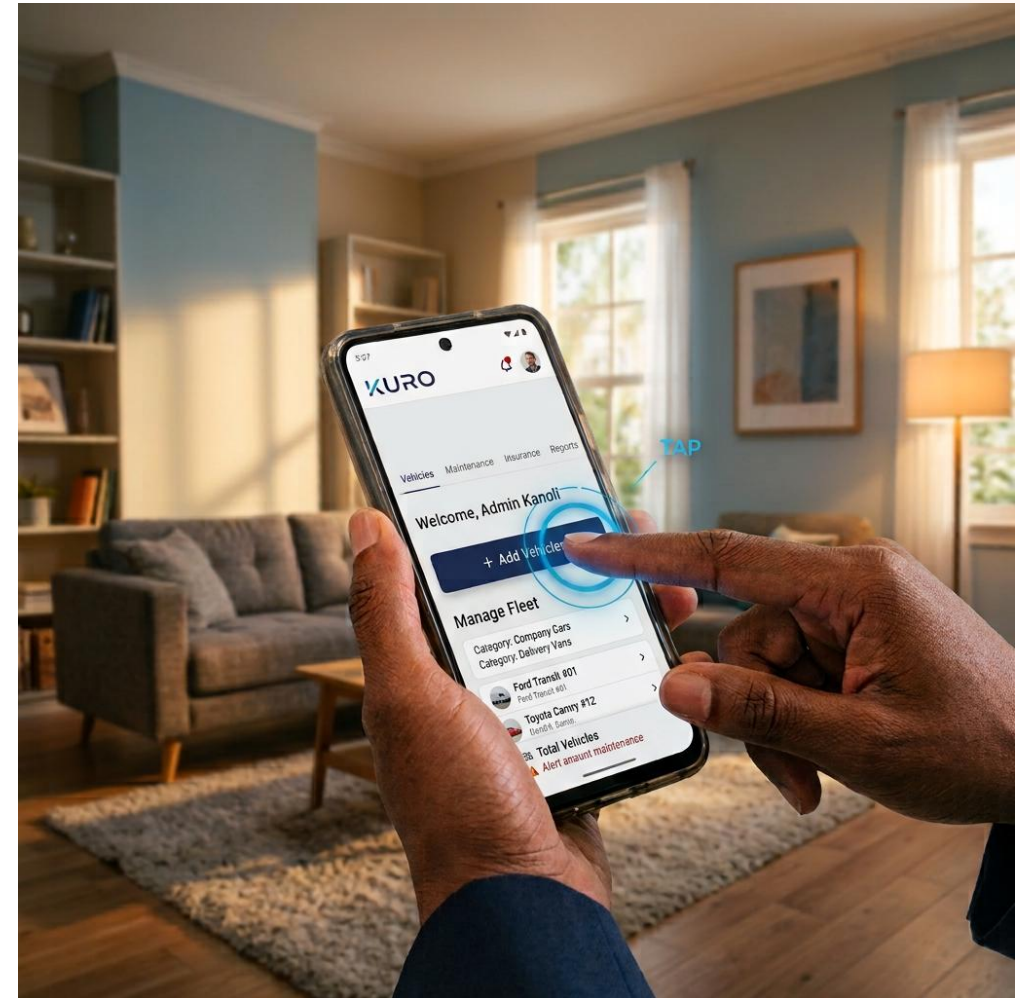

Go to "My Profile" → "My Vehicles".

Add your Plate Number.

Benefit: Guards see you are a resident when they look up your vehicle.

Control Your Home Access

Block Unwanted Guests

Take charge of your security with the "**Blacklist**" feature. If there is someone you do not want accessing your house:

- 🛡️ Navigate to **Security** → **Blacklist**.
- 🚫 Enter their ID or Plate Number.
- 🔔 **Immediate Alert:** The guard is notified instantly if they try to enter.

Need Assistance?
